Disc Golf

Disk golf is a fun, easy, and inexpensive way to get outdoors with friends, family, and even by yourself. It is a lot like golf, but players use a flying disc instead of a ball and clubs. Discs are different from traditional Frisbee; they are smaller in diameter, have a beveled edge, and are generally heavier. The game's object is to complete each hole in the fewest strokes throws. Disc golf shares the same joys and frustrations of golf, whether it's sinking a long putt or hitting a tree halfway down the fairway.

The Nicolet-Wolf River Scenic Byway is a 145-mile route that winds through Wisconsin's northern counties including Forest, Langlade, Oneida, and Vilas. It is the second-largest scenic byway in Wisconsin.

Access the byway for Langlade County at the intersection of Highway 55 and 64, Langlade, Highway 55 and 52, Lily heading north to Pickerel for outstanding views of the Wolf River and the Chequamegon-Nicolet National Forest.

A variety of recreational opportunities are available to travelers ranging from activities on the multi-use trail systems to water-based sports. You will discover communities where life moves at a slower pace and centers around time-honored traditions and values.

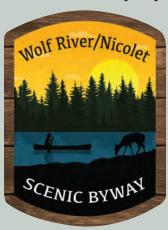

Enjoy beautiful scenery dotted with majestic vistas, winding roads, and family-owned businesses offering hometown hospitality.

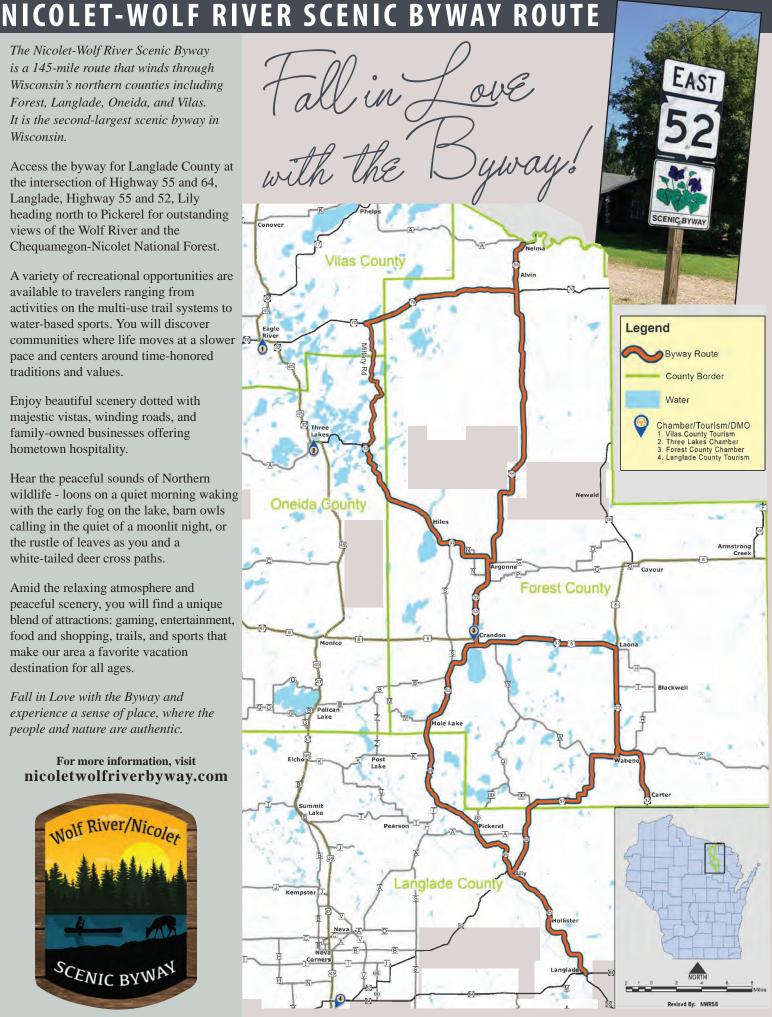

Hear the peaceful sounds of Northern wildlife - loons on a quiet morning waking with the early fog on the lake, barn owls calling in the quiet of a moonlit night, or the rustle of leaves as you and a white-tailed deer cross paths.

Amid the relaxing atmosphere and peaceful scenery, you will find a unique blend of attractions: gaming, entertainment, food and shopping, trails, and sports that make our area a favorite vacation destination for all ages.

Fall in Love with the Byway and experience a sense of place, where the people and nature are authentic.
